

**NMPED Charter Schools Division (CSD)**  
**The GREAT Academy 2022-23 Graduation Comparison**  
**Public Education Commission (PEC) Meeting, February 21, 2025**

For all students, The GREAT Academy (TGA)’s 4-year graduation rate was above the average for similar schools with similar demographics but below the statewide average. Its 5-year rate and 6-year rate were below the average for similar schools and below the statewide average. Its graduation growth was above the average for schools with similar demographics and above the statewide average.

TGA therefore met three of the conditions of renewal (growth vs state, growth vs similar schools, 4-year rate vs similar schools) and did not meet five of the conditions (4-year rate vs state, 5-year rate vs similar schools and vs state, 6-year rate vs similar schools and state).
