Agenda was approved. Tamara G. moved to approve the agenda, Kelsey G. second, all in favor.

Science working group presented their critical issues. Kelsey G. moved, Cari H. second, all in favor.

Math working group was not ready to present their critical issues.

Outdoor learning working group discussed the need to align critical issues to STEM framework. Kelsey G. left some notes in the Zoom chat.

Science working group presented a draft report for the science 2024 report. Justifications for critical issues and data analysis.

Math science working group was not ready to present a draft.

Outdoor learning working group was not ready to present a draft.

Jacqueline C. referenced math pathways, what resources are needed? Early numeracy, letters training (required by statute) akin to structured literacy. Similar to what happened in the 2019 legislative session with SB398.
