Cindy Stong
Sacramento School of Engineering and Science
P.O. Box 117
Tularosa, NM 88352
cmstong@gmail.com

Dear Ms. Stong:

Thank you for submitting your team's application for a new charter school. As you know, the Public Education Commission approved the application for Sacramento School of Engineering and Science for a six-year term (2024-2030), which includes a planning year prior to opening. During the planning year and prior to commencing operations Sacramento School of Engineering and Science must:

1. Negotiate a contract with the Public Education Commission;
2. Obtain standing as an approved Board of Finance;
3. Secure a facility that has E-occupancy; and
4. Complete the planning-year checklist.

Sacramento School of Engineering and Science is approved on the condition that the school provide a plan for possible options for transportation in the first submission required by the implementation year checklist. Once the School has provided the documentation set forth above, the condition shall be deemed to be met, and the information shall be incorporated in the charter contract.

Missy Brown (Melissa.Brown@ped.nm.gov, 505 551-2879) will be your initial contact person at the Charter Schools Division and will be reaching out with next steps. The implementation year checklist is located here: [Implementation Year Resources](#).

On behalf of the Commission, I thank you for your efforts. Welcome to the charter school community.

Sincerely,

/e/Patricia Gipson
